

This is America! I thought we were all about individual rights? We need to have our privacy protected. Do not sell out to those that intrude with no care if we are eating, sleeping or having a quiet family time. Please keep the No Call List. As it is I still get many calls. If this move to remove the No Call goes through, America should see posted names, addresses and phone number of all that vote to remove it. I'm sure they need to hear from us often.
